FOREWORD

As you turn the pages of this yearbook, try to remember all the good things that have happened this year-the things that have made Sullivan High School what it is.

Look at our administrators who have shown that they really care through their work with Student Council; our teachers who have spent long and hard hours planning lessons, teaching, and for some, spending more time being club and class sponsors.

More than this it is the students who make Sullivan High. There are those who come to school just to put in their time, the ones who come to take advantage of the opportunities to learn, and finally, the students who get involved in both the academic work and the extra-curricular activities. These are the ones who spend hours after school is closed working to make Sullivan proud of its band, choir, newspaper, clubs, and the speech and athletic teams.

It is the students who make Sullivan High School what it is—a way of life. Our high school is made up of students who care about their school and who are proud of it and want to see it be better than any other high school.

We, the Eagle Staff, hope that when you finish this book you will feel that we have successfully portrayed the events that have happened this year. We also hope that these events will always be a part of the fond memories you will recall about Sullivan High School.

DEDICATED TO

MR. RAY BRUESEKE

The grace of friendship—mind and heart
Linked with their fellow heart and mind;
The gains of science, gifts of art;
The sense of oneness with our kind;
The thirst to know and understand—
A large and liberal discontent:
These are the goods in life's rich hand,
The things that are more excellent.

-William Watson

This year, as in years past, we the members of the Yearbook Staff have concentrated for a few moments on the subject of our dedication.

There are no set guidelines-no certain patterns that must be followed. Just this: The person we choose must certainly stand up to what in each heart are the "things that are more excellent."

The person we recognize this year is Mr. Ray Brueseke.

Mr. Brueseke can make biology a little more enjoyable as he tells about his favorite word, "oogenises," and he can even manage a smile when he hears a thermometer or test tube crashing to the floor in I.P.S.

What we are really trying to say, Mr. Brueseke, is, "Thanks." Thanks for your years of teaching and serving as Sophomore Class Sponsor. But most of all, thanks for caring enough to do your best.

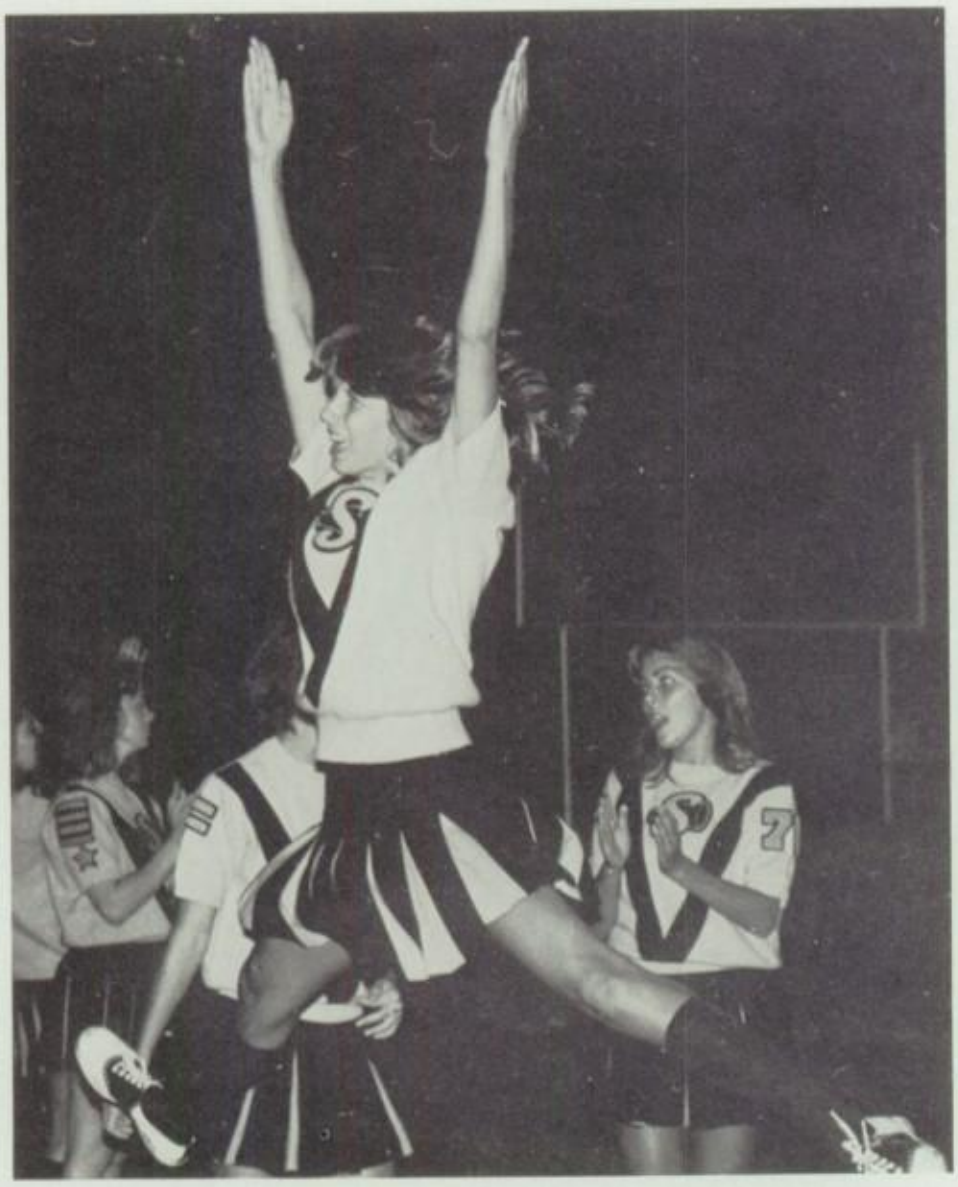
WILCOX JEWELERS "Cardinal and Winsome Diamonds" Sullivan

DEDICATION • SPIRIT • EXCELLENCE

Mary moves up to varsity.



The varsity cheerleaders are an award-winning squad. The cheerleaders put in many hours of practice on gymnastics, cheers, routines, and skit preparations to entertain us at games and assemblies. They carry out their most important function by rousing the morale of the various teams and giving them support and encouragement. Each summer they spend a week at cheerleading camp to polish their skills and to share new ideas. Last summer at the N.C.A. camp at Southeast Missouri State University our squad was given the Award of Excellence. A special thanks also to Mrs. Mary Busch who puts in many hours to make the SHS cheerleading squad one of the best.

STUDENT COUNCIL

PRESIDENT - Ed Schatz
VICE-PRESIDENT - Connie Blankenship
SECRETARY - Ellen Tierney
TREASURER - Tracy Savant

Has Successful Year Through

Looking back on the 1977-1978 school year I see a year that held many exciting adventures for me as student body president.

The Student Council became one of the "most significant learning experiences" in my life. Everything that we did as a council furthered our own educations and made us more complete persons.

I would like to thank my sponsors, Mrs. Barbara Holdinghaus, Miss Kathy Jacobs, and Mr. Keith Kinder for all the time and effort they put forth for the betterment of SHS.

I would also like to thank Connie Blankenship, Ellen Tierney, and Tracy Savant, my fellow officers, who gave so much of themselves for this school.

Most of all I would like to thank the student body of SHS for the opportunity to be able to serve you as student body president. Thank you for giving me the best year in my life.

Good luck in the years to come.

Ed Schatz

A LOOK AT FOOTBALL HOMECOMING

The bonfire that sparked a homecoming victory!

The 1977 Football Homecoming started out with a bang—of thunder that is. Maybe the spirit at some schools would have been dampened by the rain, but not the spirit at SHS. The bonfire started the festivities by sparking the spirit at SHS and overcoming the rain. The Freshmen and Future Farmers then took control and were given $25 for their floats. Due to rain, the floats were not paraded. The highlight of the evening was the crowning of Miss Bridget Juergens as 1977 Football Homecoming Queen. The band, appropriately called "Lightnin'," helped SHS dance to the music, and homecoming went out with a flash.

"Lightnin' " strikes at SHS!

Future Business Leaders of America is the national organization for all high school students participating in business and office programs.

Its goals include strengthening the confidence of students in themselves and their work, creating more interest in and understanding of American business enterprise, encouraging and practicing efficient money management, encouraging scholarship and promoting school loyalty of occupational goals, and to facilitate the transition from school to work. To strive to reach these goals, FBLA members have had money making projects, are enrolled in business courses, and participate in the business contests.

President Darla Wilkerson.welcomes Cathy Cornman into FBLA.

LAST ROW: Jeanette Gambill, Alison Leake, Spring Allen, Gail Woodland, Cindy Hoskins, Kay King, Margie Gauzy, Barb Piofcyk, Diana Hoskins. NOT PICTURED: Bridget Juergens, Vice President.

The purpose of FTA is to enable students to become familiar with teaching practices and to help them decide whether they want to become teachers. One of the programs of FTA is Cadet Teaching. In this program students actually try their hand at teaching in the elementary school. This year five students spent one hour each day cadet teaching.

One of the activities FTA did this year was to express their appreciation to the teachers during National Education Week. They did such things as giving the teachers tissue flowers, Rice Krispie Treats, cupcakes, an aspirin, and they topped the week off by giving the teachers a tea.

Barb and Lynette exchange Christmas presents.

FTA members serve at teachers tea.

SENIORS

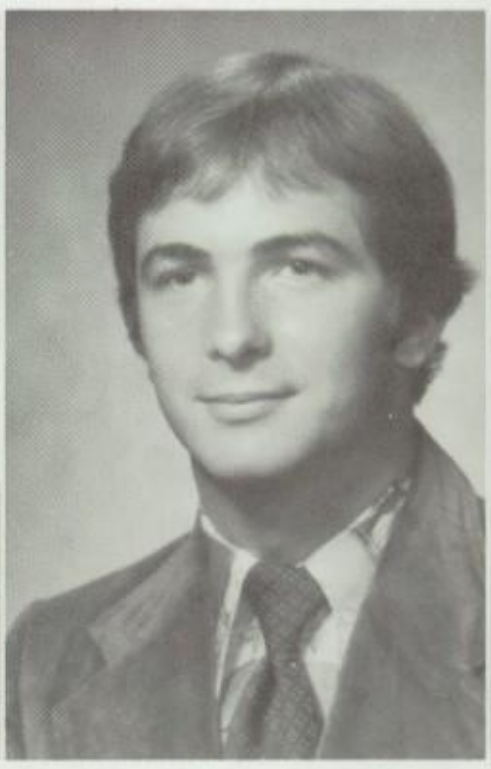
This is the end of our high school year
And in a sense the beginning of our lives.
A challenge awaits us;
A challenge larger than we've conquered before.
A world awaits us;
A world more than we've seen.
And a new life awaits us;
A life full of questions we thought we knew the answers to.

Times have changed and we keep on changing.
And as times change, people grow.
Seniors, we have grown.
They say, too, that as times change
We forget old friends as we make new.
But there is hope as we leave S.H.S. behind us,
That in the future we will come back
and remember good times and old friends
That were created here.
—Marsha James

ODY WITT

THERESA WITT

BRUCE WOODCOCK



MONTY WRIGHT

SHABNAM YARJARNI

MOST COUNTRIFIED (BELOW)

Getting back to nature is what some people think country living is. Not our superlatives, Alison and Dirk. Alison and Dirk say that the freedom of expression and the open feeling make the country the place they most like to be. So when you want to express yourself or just feel free, head toward their idea of the country.

Senior Superlatives

MOST OUTSTANDING (LEFT)

An outstanding person is one who is active in many different aspects of school life, not only in sports, organizations and leadership but also in academics. Bridget and Brett have excelled in all of these. Bridget is involved in volleyball, softball, Student Council, Vice President of FTA, FHA, Treasurer of the senior class, and Football Homecoming Queen. Brett participates in football, basketball, Student Council, Vice President of 'S' Club, and is Vice President of the senior class.

MOST LOYAL TO THE CLASS (ABOVE)

When you think of two people who have been loyal to the senior class, Kay and T. J. come immediately to mind. They both have been very active and have supported their class during their four years at SHS. Kay was vice president of her junior class, head of the food committee for prom and member of the junior ring committee. T. J. is President of the senior class, was co-president of his junior class, and served as president for his sophomore class, and a member of the junior ring committee. Both Kay and T. J., class student council representatives, have been a great asset to the senior class.

MOST SCHOLARLY

Cynthia and Vincent were voted Most Scholarly because academically they rank first and third in the senior class. This accomplishment is all the more praiseworthy in Cynthia and Vincent because they actively participate in sports and various school organizations. Cynthia is in band, softball, basketball, Student Council, FTA, NHS, FBLA, and is editor of the yearbook. Vincent participates in band, track, cross country, Student Council, NHS, and yearbook.

MOST MUSICAL

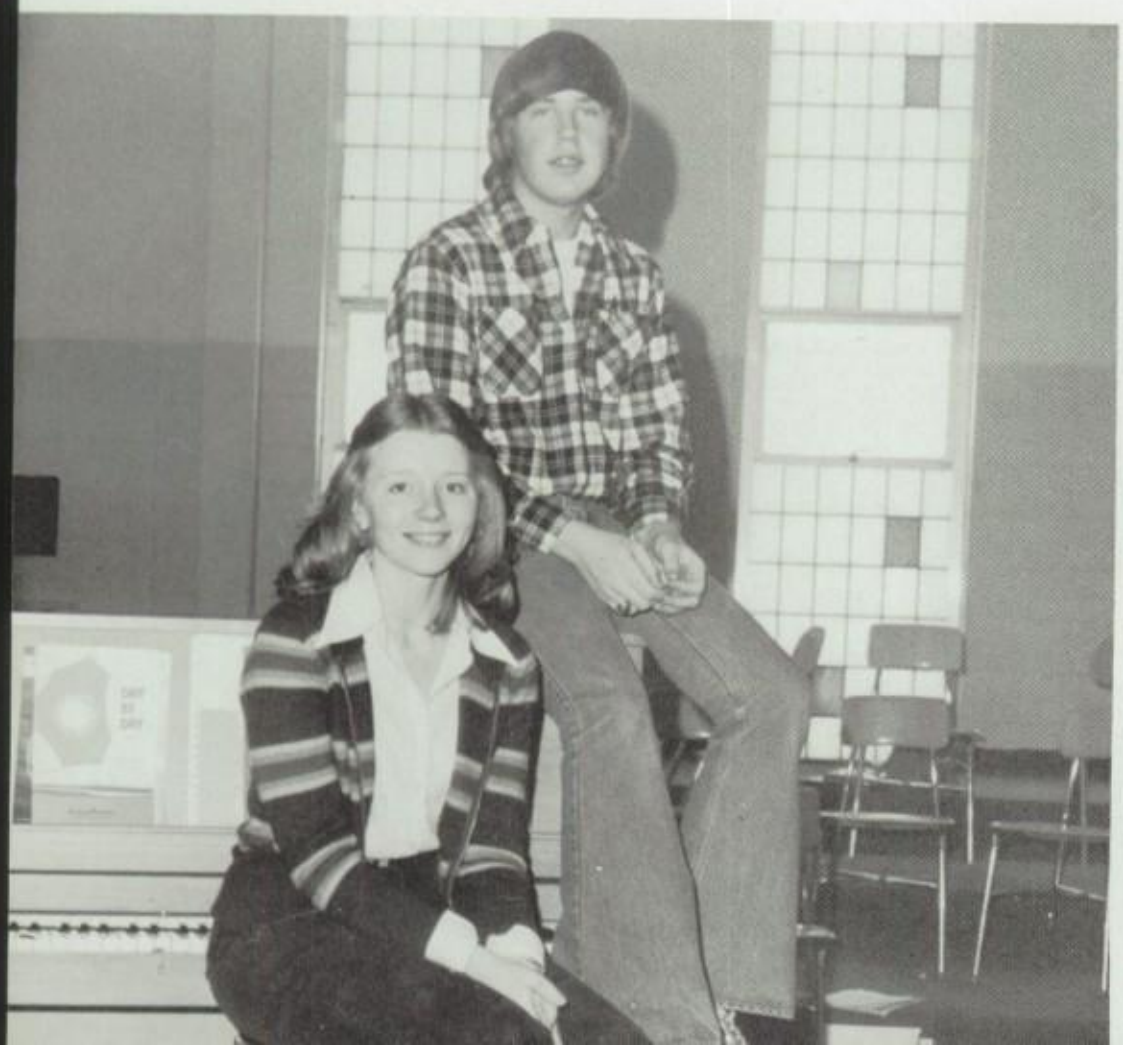
There are many different types of music. Jill's soprano voice and talent on the clarinet and Doug's bass voice and nimble fingers on the saxophone add to the music performances of the band and choir whether it be country, rock, or classical. As drum majorette, Jill led the marching band for 3 years. For this dedication, they have been elected as Most Musical.

MOST ATHLETIC

Julie and Rick, by showing their interest and abilit sports, have been chosen Most Athletic. Julie has participate softball, volleyball, track and basketball. Rick has been a valu player of the football and baseball teams. Rick has been na to All Conference for two years and to All District one year. T are also members of 'S' Club. Julie and Rick have helped c on the Sullivan tradition in athletic competiton. For t perseverance and enthusiasm for sports, they have been ch Most Athletic.

MOST ARTISTIC

Artistic talent is something many people would like to h Juanita and Mike are both creative in drawing, painting crafts. They have been involved in the many seasonal decora paintings done on the windows of SHS. For their talent, they h been chosen Most Artistic.



MOST SCHOOL SPIRITED

If there's any activity involving school, you'll usually see Vickie or Ed there. Vickie has been a cheerleader for four years and is presently captain this year. Ed was Co-President of his junior class and is now Student Body President. Their dedication to the quality of school activities has been an encouraging example for others to follow.

FRIENDLIEST

A friend is one of the most prized possessions. Lena and Joe have a way of just putting you at ease and making you feel right at home. Their happy-go-lucky personalities and ready smile have brightened the day of many. They leave SHS with a host of friends.

MOST COMICAL

Whenever you hear people laughing, Donna or Bert is usually around. Each has the ability to keep people laughing and having a good time. So the next time you see Donna or Bert coming toward you, grab hold of your funny bone and get ready to enjoy a hearty chuckle with them.

MOST INDIVIDUALISTIC

"To thine own self be true." An individual, to remain so, should always remember these words. Marsha and David are considered by their classmates as individuals, meaning—they are loyal to their own true feelings. Marsha and David are recognized for their ability to think for themselves while respecting the thoughts of others. For this, they have been chosen Most Individualistic.

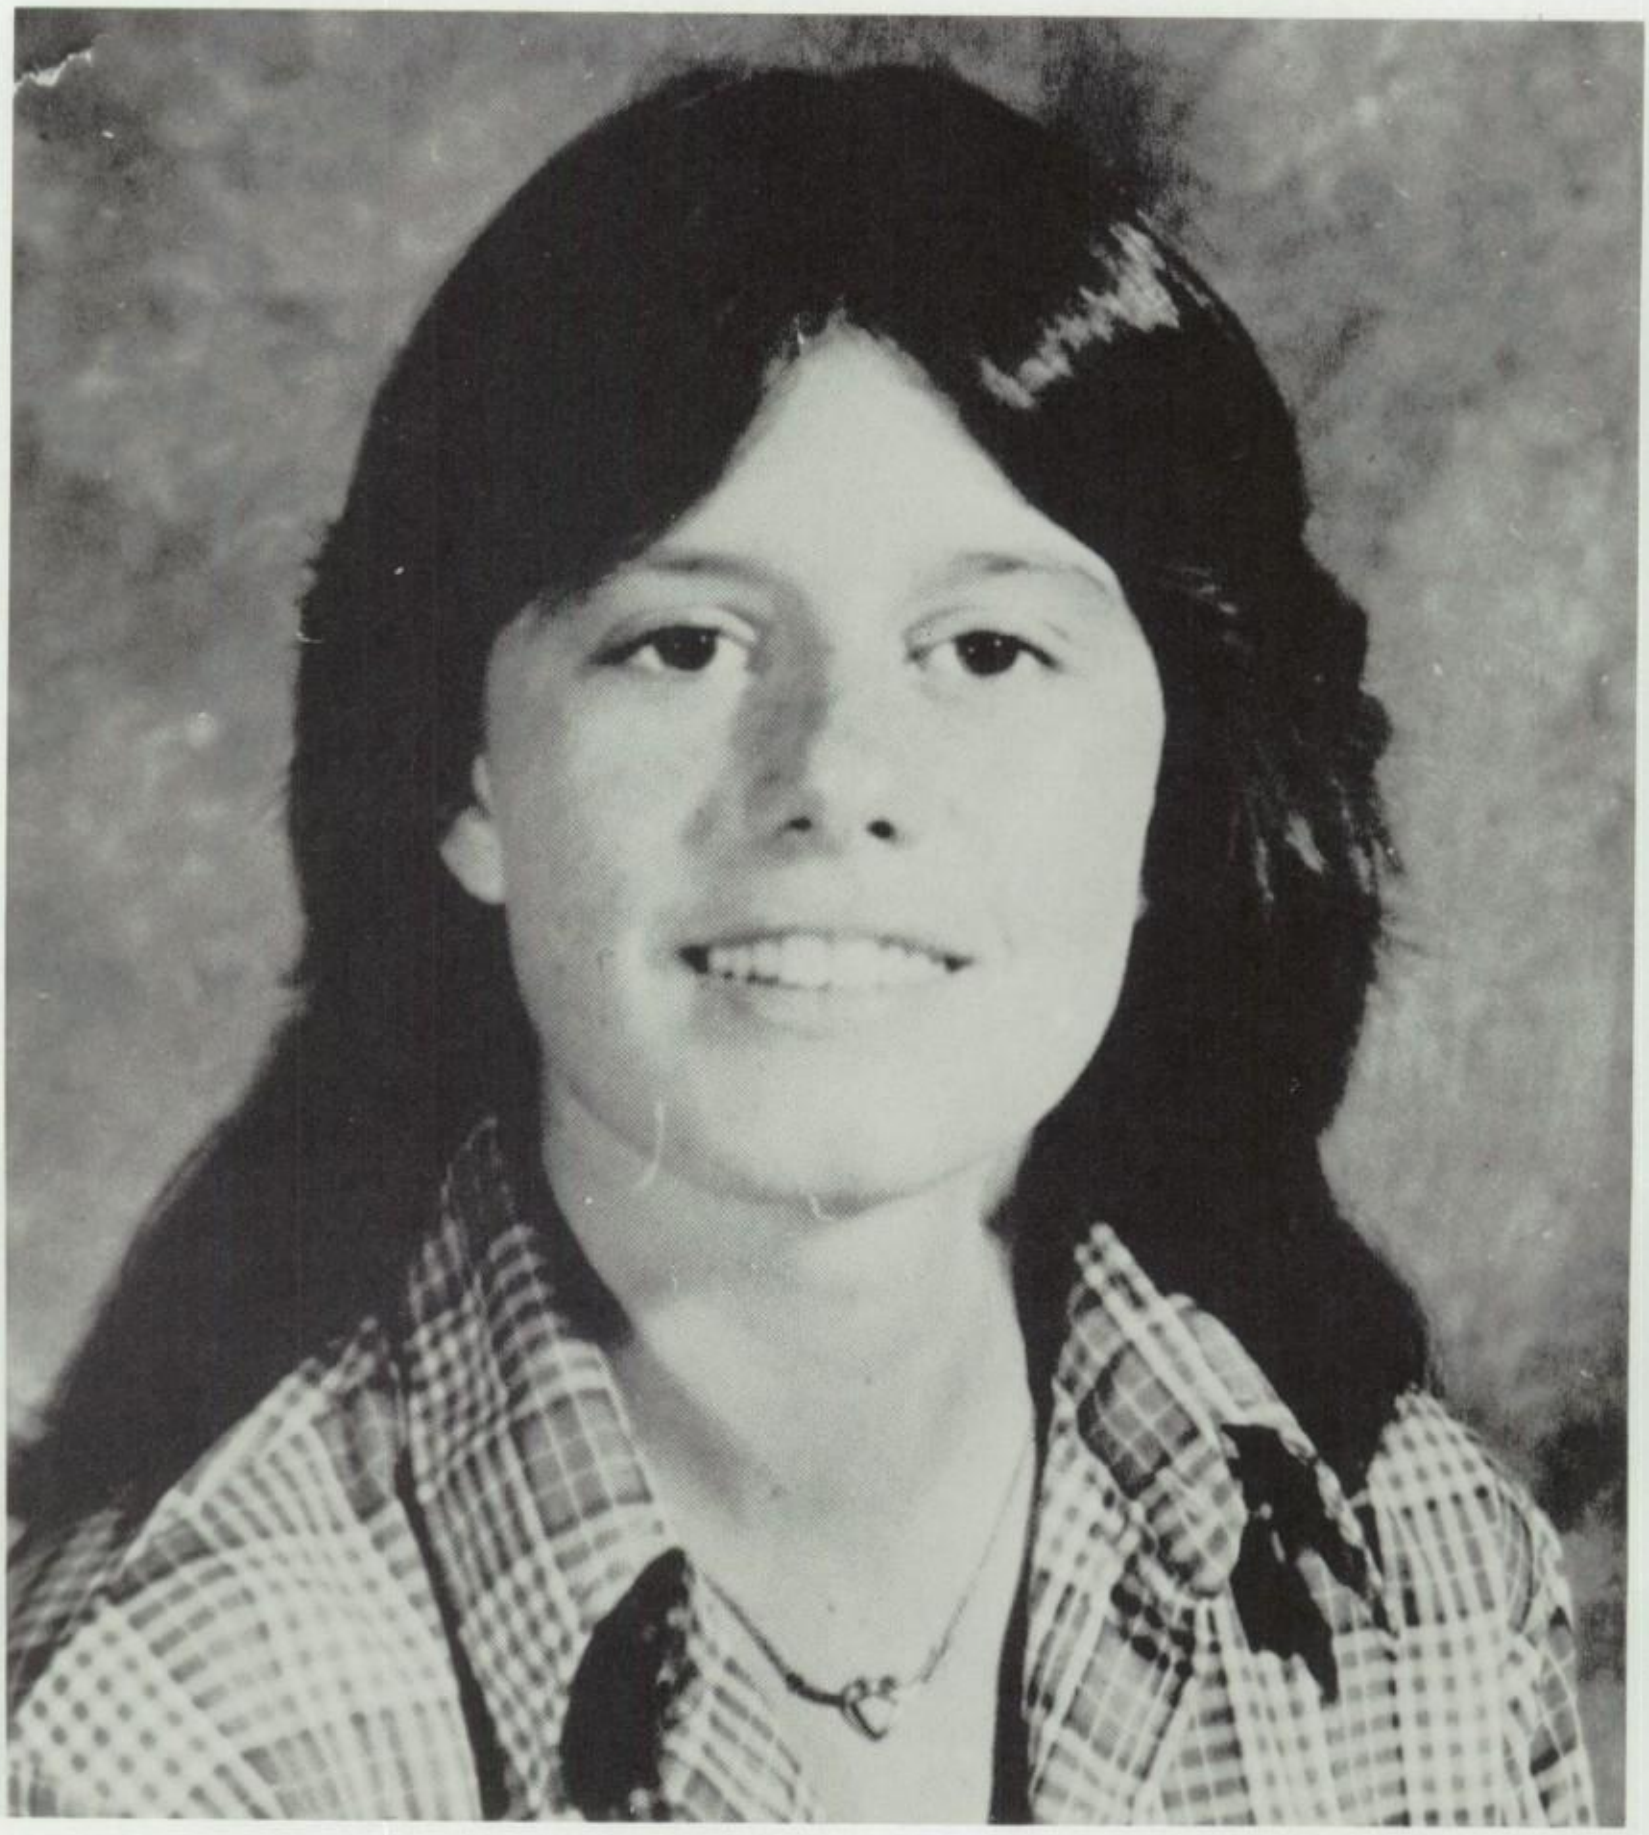
IN MEMORY OF JULIE DATI

1962 - 1977



Julie Dati was a very special person. Julie was a really fun person to be with. Aside from being fun, she was a true friend when you needed someone to talk to. Julie's most becoming trait was her ability to be carefree. She had scope. I've never known anyone else who was so disengaged, free lance, and always at home everywhere she went, whether far or near. Julie had a short life, but it was fulfilled with happiness, and she will always have a special place in our memories.
